

Raritan's Synchronized Warranty

Comprehensive Warranty Coverage for Your Raritan Equipment

Purchasing new Raritan equipment? Wondering how to manage the warranties that you already have along with new ones? With a **Synchronized Warranty**, you can secure coverage for both your current purchases and your existing Raritan equipment under a single policy with a common expiration date – providing you with peace of mind that support for your existing equipment won't just disappear!

SYNCHRONIZED
WARRANTY

Synchronized Warranty Benefits

- Comprehensive coverage for past and current purchases
- Single expiration date for all covered equipment
- Easy administration with one contract and one expiration date

Details

To get the most benefit from Raritan's *Synchronized Warranty*:

- Synchronized Warranty purchase must be for at least three (3) devices or more
- Synchronized Warranty covers parts and labor and offers advanced replacement. * To qualify for advance replacement, products must be registered with Raritan
- Maximum coverage is five (5) years (including standard and extended warranty periods)
- Coverage for equipment under Raritan's "Standard" 2-year warranty will begin once the "Standard" warranty period has expired
- Coverage for equipment under Raritan's "Extended" warranty will be replaced by the Synchronized Warranty
- Warranties cannot be extended past a product's end of support date. This offer is valid for Raritan hardware equipment sold in the U.S. and Canada only

Eligible Raritan Equipment, including, but not limited to:

- Dominion® switches including KX3, SX2, LX2 and KX4-101
- CommandCenter® Secure Gateway (CC-SG)
- Intelligent Rack Power Distribution Units (iPDU)

Gain peace of mind, protect your Raritan equipment!
